

Transforming one of the world's most polluted streets into one of the world's finest public space

@Tompion / HEAD OF POLICY AND COMMUNICATIONS

Turn one of the world's most polluted streets into one of the world's finest public spaces - a tree-lined avenue from tottenham Court Road to Marble Arch

A Manifesto for all Londoners

"The delivery of 'Healthy Streets' will be different depending on the location...a pedestrianised Oxford Street would embody this important shift right in the centre of the city"

A City for all Londoners

a healthy street?

LIVING STREETS'

1. Make Oxford Street a world-class visitor and business destination - a great place to be and walk.
2. Removal of all motor traffic with access to buses and taxis a short walk away.
3. Accessible to all, regardless of age or disability.
4. A safe environment, day and night.

7

PRINCIPLES FOR THE TRANSFORMATION OF OXFORD STREET

5. Provision of a parallel high-quality east-west cycle route.
6. Careful consideration of the impact on the wider West End.
7. Consolidated deliveries limited to off-peak times.
